P-touch

Plug & Label™
simple connectivity

Easy to Use and Share
No software installation required

The built-in software combines powerful functionality with ease of use.

The PT-P700 is an easy-to-use, full-featured label maker. It's perfect for multi-user offices looking for simple connectivity and the ability to quickly create a wide variety of professional labels using a computer. Although it's great for individual label printing, it's particularly well-suited to multi-label printing, thanks to its fast print speeds, "repeat printing" capability, and an automatic cutter. And since no software or driver installation is required, it's great for sharing, or in restrictive IT environments.

Create labels for a variety of applications…

Label to *Organize & Identify...*

Label to *Look Professional...*

Label to *Protect Your Assets...*

Labels are for illustrative purposes. Actual output (such as font and margins) may vary.

Simple Connectivity

The PT-P700 includes pre-loaded labeling software that allows you to simply plug into a PC or Mac computer and almost immediately begin designing and printing labels. Enjoy the convenience of designing labels on your computer screen.

Expanded Design Options

Although it's not necessary to install software to create great-looking labels, you can expand the capabilities of the PT-P700 by using the included P-touch Editor Label Design Software®. Enjoy the added functionality of printing barcodes and labels with information stored in a Excel® or Access® database®.

Great for Sharing

The PT-P700 works with an array of operating systems, so it can be shared with ease within an office. And since the software is built-in, you don't have to worry about any drivers or software being left behind after its been disconnected.

Flexible Power Source

Use the included AC cable to power the unit for use at a desk, or make it truly portable by running it on 6 AA batteries (not included).

Key Features at a Glance:

· No software or driver installation required - just connect the included USB cable to get started

· Create durable labels up to 24mm wide (approximately 1") for indoor or outdoor use

· Customize labels using fonts and graphics on your computer

· Super-fast print speeds and auto cutting help support efficient labeling

· The included label design software supports expanded features such as linking to a database▲ and barcode printing▼

· Download templates from the Brother Cloud to add to your P-touch Editor label library‡♦

· Powered by AC adapter (included) or 6 x AA batteries (sold separately)

‡ Internet connection required. ♦ Using full version of P-touch Editor. ▲ Windows Only. ▼ Windows software/drivers included on CD-ROM. Mac software/drivers available as a free download.

Hardware Features:

Maximum Tape Width	24mm
Tape Cutter	Automatic
Maximum Print Speed	20mm/sec. (using batteries) 30mm/sec. (using including AC power adapter)
Maximum Print Resolution	180 dpi
Maximum Print Height	18.1mm
Power Source	AC power adapter (included) 6 x AA batteries (optional)
Interface	USB

Carton Contents:

About Our Tapes:

Tapes for most any application*
Choose from a wide variety of TZe tapes - use Standard Laminated Tapes for general workplace labeling, or use one of many specialty tapes for identifying wires and cables, or adding tamper-evident security. There's even non-laminated fabric iron-on tape for labeling uniforms, linens, and more. The split back tapes allow for hassle free application.

Better performing labels by design
The PT-P700 uses tapes from our best-selling TZe laminated tape family. Text and images printed on TZe tape are protected by a thin, clear film to withstand water, grease, fading, abrasion, heat, cold, and demanding outdoor environments.
