

# Designed and built for business.

# From day one & beyond.

When office tasks increase in scale, the ability of your productivity devices should meet and exceed expectations in the business environment. You can rely on the flexibility of our latest colour laser printers and simply add optional Brother supplies and accessories to increase print volume and other requirements for your business.

# MFCL9630CDN

Exceptional all-in-one printer for essential business communications

Print, Scan, Copy & Fax

Optional Wireless

Built-in Gigabit Ethernet

Built-in Security Card Reader

Scan to function with dual CIS scanner at up to 50ipm

Print & Scan from mobile device

Seamless 2-sided scanning

7.0" Large Intuitive Colour screen

High Capability Multi-Purpose Tray For different size prints such as letter print and more

High Volume Input Tray

Optional Paper Input Tower Tray

# **Enhanced Features**

Driven By Productivity

Super high yield toners deliver up to 15,000 pages\*^

Driven By Quality

Different paper sizes and 520-sheet default paper tray

Driven By Peace Of Mind

IPSec encryption to protect communication over Internet Protocol (IP)

<sup>\*</sup>Approximate page yield in accordance with ISO/IEC19798 (Letter/A4) and dependant on choice of toner

<sup>^</sup>Applicable only for Super High Yield mono toner model number TN861XXLBK

# Efficiency Energised By Industry Standard Security & Solutions

#### Built-in Near Field Communications (NFC) Card Reader

Access to printer functions with 'tap to unlock' card usage

#### **Secure Function Lock 3.0**

Exercise greater administrator control over printer functions for individuals/groups

# Active Directory or LDAP-supported

Management of device access & usage on Microsoft Active Directory or LDAP server

#### **Secure Print**

Printing of confidential or sensitive documents only upon entry of valid PIN

#### **Cloud Secure Print**

Send print jobs wirelessly to remote printers over the Internet without need for printer driver

#### **Setting Lock**

Restrict access to device settings to prevent unauthorised usage

# **>>**

# **Network Security**

#### **IP Security (IPsec)**

End-to-end print job encryption from users' computers to printers

#### Scan to SFTP

Complete security for safe document scanning to a network destination

#### 802.1x Compatible

Protected enterprise authentication for secure network access into wired or wireless LANs

#### **Secure Socket Layer (SSL)**

Protect data from being read by third party when sending through wired or wireless network

### Value Added Workflow Solution

#### **FREE**

#### **BRAdmin Professional 4**

Fleet management tool for configuring and real-time monitoring of network-connected devices

#### Secure Print+

Ensure sensitive documents are only printed when you collect them

#### Advance Secure Print

Simple and secure pull printing solution from any printer in your fleet, ensure documents are only printed when you collect them

#### Barcode Utility

Automatically streamline filing of scanned documents into correct folders using barcodes

#### Order Supplies

One-touch button reordering service for toners/drums

#### Request Help

Easy one-touch button request for technical support or service

Barcode Utility, Secure Print+ and Advance Secure Print are chargeable options requiring license activation, please contact us for more information.

# **Managed Print Services**

Lower printing costs
